Member Spotlight—Gene's 1958 Chevy Impala

Gene and Sharon Johnson's 58 Impala sport coupe has been years in the making, but the result is worth it. It's a beauty! The one-year-only styling makes the '58 Chevy unique, with a front-end design that's a dead ringer for a Cadillac.

With its Snow-crest White exterior and unique three-tone interior in turquoise, silver and black, Gene and Sharon's

Impala is a perfect example of the most luxurious car Chevy had built to date. It has a small block 283

V-8, Powerglide automatic transmission, power steering and power windows.

Gene and Sharon took second place in their division at the October 25 Chevys Only show at Impala Bob's, the first show for their car. Their trophy is probably the first of many.
